

A small appropriation has recently been made on their behalf. It was all the directors, with the funds upon their treasury, felt justified in making. It is really insufficient for an object so meritorious as we take this method to say to those interested in the welfare of the 2200 coloured sea-

Prussian military, imprisoned
and Jews, (men and women).

STEADS.—A French surgeon at
steads with glass feet, and isolat
teen inches from the wall of
cured patients sleeping on th
ous affections.

alter Scott was at school, a boy was asked by the "dominie," "What was 'dominie' with?" "A noun, Sir," replied the young blockhead, "cried the parson, 'Can you give of such things?'" "No, Sir," interrupted Scott; "you know it in the Bible which says, 'they'

11. Italy gives a particularly large place to idiocy. A difference is likewise to be observed in the occurrence of several forms. Idiocy is most common in the North of Italy, in the mountain valleys, idiocy, &c. In England idiocy predominates; in France, fatuity; Germany presents a more general prevalence of idiocy. *Medical Times.*

has actually taken the trouble to send a despatch from America, an emissary of the Stewart family, to the United States, ready and willing to do all that is in his power to maintain the name of that illustrious line.

paronet of ancient descent, (say, a nobleman), now working as a common labourer, earning only a few shillings a day, in the county of

Which he happily did not comprehend. He was not beaten if he bore his ills in silence. He was not sullen: and he was still saved. He ventured to sigh audibly, as one who has a secret.

That poor boy! The heroic man who had seen a thousand horrid deaths—his mother's death was a disease daily devoured him. His father's death and a squalor sharpened the pain. His mother's death had hated him—obscurity terrified him. He was the breast of the little martyr it
